

Carlisle Natural History Society

In search of nature since 1893

Call for papers

Transactions of Carlisle Natural History Society: Volume 13 (2018)

The Society seeks proposals for contributions to its forthcoming issue in this series of occasional publications on the natural history of Cumbria.

Expressions of interest are required no later than 31 May 2017

With an anticipated print run c. 300 copies, *Transactions* provides opportunities for authors to contribute longer papers than are normally possible in the Society's journal, *Lakeland Naturalist*. Articles should be originals, consisting of reviews and latest research, contemporary or historical, ideally of length 5,000 to 20,000 words, including figures and illustrations (each of which will be nominally the equivalent of 300 words).

Intending authors should provide a title and brief outline of the content of their proposal to info@carlisenats.org.uk in the first instance.

All offers will be appraised in confidence by the Society's Publications Panel and Council
